## 👤 PROFILE

I'm 22 years old Survey Developer at Ipsos and highly motivated software engineering student at New Bulgarian University, I possess strong technical skills and an unwavering passion for learning and growing.

## 📁 EMPLOYMENT HISTORY

### Junior Survey Developer at Ipsos, Sofia

December 2021 — October 2022

I was hired directly as a Junior developer, in view of the work well done by me and the rapid progress I made in less than a year I was promoted to the next position of mid survey developer.

### Survey Developer at Ipsos, Sofia

October 2022 — Present

In less than a year, I was promoted to Survey Developer, which equates to a mid position. I script projects for serious clients such as JTI (Japan Tobacco International), Lego, MTN Group Limited and others.

## 🎓 EDUCATION

### Software University (SoftUni), Sofia

2015 — 2018

The courses I have taken are: C# Programming Basics, C# Programming Fundamentals, Java Programming Basics, Java Programming Fundamentals, Ethical Hacking Basics.

### New Bulgarian University, Sofia

2019 — Present

Skills I acquired at New Bulgarian University: C++, C#, Java, OOP, JavaScript, HTML, PHP, SQL, Databases, Discrete math, Analytical geometry, Data structures, Algorithms and programming.

## ★ Key skills

- Proficient in programming languages such as JavaScript, Java, C++, C#, SQL
- Familiarity with software development frameworks such as Spring, Laravel, React, Hadoop, Bootstrap
- Familiarity with software development tools such as Git and JIRA
- Experience in developing web applications using HTML, CSS, and JavaScript
- Solid understanding of software design principles, OOP and algorithms

## Attributes

- Self-motivated and dedicated to continuous learning and improvement
- Strong problem-solving skills and ability to work well in a team environment
- Excellent communication skills with clients and teammates, both verbal and written
- High level of adaptability and flexibility
